The **brain injury community** includes those affected by an an acquired brain injury (ABI) , more specifically those diagnosed with an
ABI,
their caregivers, family and friends.

For the purpose of the **Brain Injury Connection (BIC)**, the **BIC Community** includes those affected by an an
ABI
;
the staff and volunteers of brain injury and disability nonprofit organizations; professionals working directly with the ABI community; those interested in learning more about acquired brain injuries (i.e., students, employers, educators, etc.); and those preventing brain injury (safety advocates, law enforcement, etc.).
